## **CSCML 2024**

## Eighth International Symposium on Cyber Security, Cryptology and Machine Learning December 19-20, 2024, Beer-Sheva, Israel - Virtual

https://www.cscml.org/

Dates: Academic Track Submission deadline July 6, 2024; Academic Track Acceptance notification August 13, 2024; Academic Track Camera-ready copy due August 31, 2024; Pitch Track Submission deadline December 2, 2024; PhD Track Submission deadline December 2, 2024

## Keynote Speakers: TBA Academic Research Track PC - Partial

Alex Biryukov University of Luxembourg, Luxembourg Johannes Blömer Paderborn University, Germany Carlo Blundo Università di Salerno, Italy CEA, France Avmen Boudguiga Jakub Breier TTControl GmbH, Austria Università degli Studi di Napoli "Parthenope", Italy Luigi Catuogno Donghoon Chang IIIT, India University of Edinburgh, UK Michele Ciampi Karim Eldefrawy SRI International PC Co-Chair, Ben Gurion University, Israel Michael Elhadad Brett Hemenway Falk University of Pennsylvania, USA Clemente Galdi Università di Salerno, Italy Mordechai Guri Ben Gurion University, Israel Lucjan Hanzlik CISPA, Germany Slovak University of Technology, Slovakia Xiaolu Hou University of Patras. Greece Christos Kaklamanis Vladimir Kolesnikov Georgia Institute of Technology, USA PC Co-Chair, NRI, Poland Mirosław Kutyłowski Baiyu Li Vasiliki Liagkou University of Ioannina, Greece Sachin Lodha TCS Research, India Oded Margalit Ben-Gurion University and Next Silicon, Israel Subhamov Maitra India Statistical Institute, India Mimmo Parente Università di Salerno, Italy Sarvar Patel Giuseppe Persiano PC Co-Chair, Università di Salerno, Italy Dong Hieu Phan Institut Polytechnique de Paris, France Yuval Pinter Ben Gurion University, Israel Daniel Menasché Federal University of Rio de Janeiro, Brazil Palash Sarkar Indian Statistical Institute, India Berry Schoenmakers Eindhoven Univ. of Technology, Netherlands Paul Spirakis University of Liverpool, UK Andrea Vitaletti Sapienza University of Rome, Italy Middle East Technical University, Türkiye Oğuz Yayla Kevin Yeo

Entrepreneurship Track PC - Partial Yonah Alexandre Bronstein Co-Chair, As

Yonah Alexandre Bronstein
Shlomi Dolev

Co-Chair, ASTAV inc, Israel
Co-Chair, BGU-NHSA, Israel

**PhD Masters Track PC** 

Chair, Ben-Gurion University and Next Silicon, Israel

Chairs and Conference Committee: Yonah Alexandre Bronstein, Pitch Co-Chair AS-TAV inc, Israel; Shlomi Dolev, Chair Ben-Gurion Univ., Israel; Michael Elhadad, PC Co-Chair Ben-Gurion Univ., Israel; Mirosław Kutyłowski, PC Co-Chair National Research Institute, Poland; Oded Margalit, PhD Track Chair Ben-Gurion University and Next Silicon, Israel; Giuseppe Persiano, PC Co-Chair Università di Salerno, Italy Sara Widerker, Org. Chair Ben-Gurion Univ., Israel;

Steering Committee: Orna Berry CTO Google Cloud, Israel; Shlomi Dolev, Chair Ben-Gurion Univ., Israel; Yuval Elovici Ben-Gurion Univ., Israel; Bezalel Gavish Southern Methodist Univ., USA; Ehud Gudes Ben-Gurion Univ., Israel; Jonathan Katz Univ. of Maryland, USA; Rafail Ostrovsky UCLA, USA; Jeffrey D. Ullman Stanford Univ., USA; Kalyan Veeramachaneni MIT, USA; Yaron Wolfsthal IBM, Israel; Moti Yung Columbia Univ. & Google, USA

**Scope**. Original contributions to the theory, design, analysis, implementation, or application of cyber security, cryptography, and machine learning systems and networks. In particular, *conceptually innovative results* are solicited. Topics of interest include, but are not limited to:

• Cyber Security Design Secure Software Development methodologies, Formal methods, Semantics and verification of secure systems, Fault tolerance, Reliability, Availability of distributed secure systems, Game-theoretic approaches to secure computing, Automatic recovery, Self-stabilizing, and self-organizing systems, Communication, Authentication and identification, Cyber security for mobile and Internet of Things, Cyber security of corporations, Security and privacy for cloud, Edge and fog computing, Cryptocurrency, and Blockchain. • Cryptology Cryptographic implementation analysis and construction, Secure multi-party computation, Privacy-enhancing technologies and anonymity, Post-quantum cryptography and security. • Machine Learning & Big Data Anomaly detection and malware identification, Business Intelligence and Security, Digital forensics, Digital rights management. This year, submissions relying on NLPS and especially LLMs are encouraged. Trust management and reputation systems, Information retrieval, Risk analysis, DoS.

Conference presentations will have two formats (you can find more information about the submission formats for CSCML 2024 by clicking on the following link:

- **1. Regular presentations** of 20-25 minutes accompanied by papers of up to 15 pages in the proceedings. This form is intended for contributions reporting on original research, submitted exclusively to this conference.
- **2. Short Papers** of 5-10 minutes accompanied by papers of 6-11 pages in the proceedings. Such submissions may describe work in progress or work presented elsewhere.
- **3. Entrepreneurship Pitch** of 5-10 minutes accompanied by six page abstracts/pitch presentation.

**Submission**. Papers are to be submitted electronically, following the guidelines available on the conference web page.

Each submission must be in English, in PDF format, and begin with a cover page including: (1) the title, (2) the names and affiliations of all authors, (3) contact author's email and address, (4) a couple of paragraphs abstract of the paper, (5) indication whether the paper is a regular submission, a short paper, an entrepreneurship pitch submission (the authors of the entrepreneurship pitch track please note that the submissions will not be NDA protected), or Phd/ Masters Track.

A regular submission must not exceed 15 (LNCS formatted) single-column pages (excluding cover page and references). Additional necessary details may be included in a clearly marked appendix that will be read at the discretion of the program committee. A short paper submission must not exceed 6 single-column pages. All submissions must use LNCS format. Any submission deviating from these guidelines may be rejected without consideration of its merit.

It is recommended that a regular submission begin with a succinct statement of the problem or the issue being addressed, a summary of the main results or conclusions, a brief explanation of their significance, a brief statement of the key ideas, and a comparison with related work, all tailored to a non-specialist. Technical development of the work, directed to the specialist, should follow. Papers outside of the conference scope will be rejected without review. If requested by the authors on the cover page, a regular submission can also be considered as a short paper. **Additional Planned Events**. PhD Track and "Capture the Flag" Hackathon are planned to take place during CSCML 2024.

**Publication**. Regular papers will be included in the Springer LNCS conference proceedings. Extended and revised versions of selected papers will be considered for a special issue of the *Journal of Cryptography and Communications*.
